

# Challenger 15D Temp+ Control

# H2X<sup>®</sup>

## FITNESS SWIM SPAS

With a smooth, endless current and advanced temperature management, the Challenger 15D with Temp+ Control makes it easy to swim, recover, and relax in any season. The integrated heat pump cools the swim spa water in summer, while the energy-efficient design maintains your ideal temperature in winter. The airless VIP jet system delivers consistent performance, and contoured therapy seats with massage jets offer total relaxation — bringing comfort and performance together in one.
